

## Fee Structure of B.Sc. in CSE Program

| Items of the fee                                                  | Amount (Tk.)     |
|-------------------------------------------------------------------|------------------|
| Admission Fee                                                     | 20,000           |
| Rover Scout & BNCC Fee                                            | 2,000            |
| Student Smart Card (In Balance 200 TK)                            | 1,000            |
| Student and Guardian Group Life Insurance                         | 7,000            |
| Tuition Fee for Theoretical (General Course 36 cr hr @ Tk. 4,000) | 144,000          |
| Tuition Fee for Theoretical (Core Course 93 cr hr @ Tk. 5,500)    | 511,500          |
| Tuition Fee for Core Laboratory Credit (19.5 cr hr @ Tk. 6,500)   | 126,750          |
| Library Fee (12 Semesters @ Tk. 750)                              | 9,000            |
| Lab Fee (12 Semesters @ Tk. 3,000)                                | 36,000           |
| Semester Fee (12 Semesters @ Tk. 6,000)                           | 72,000           |
| Development Fee (12 Semesters @ Tk. 4,500)                        | 54,000           |
| Extracurricular Activities Fee (12 Semesters @ Tk. 1,500)         | 18,000           |
| Project Fee (6 Cr. Hr.)                                           | 19,200           |
| <b>Total payable (for 154.5 credits)</b>                          | <b>1,820,450</b> |

While taking admission, a student has to pay a total of TK 61,750 which includes the following fees.

Admission Form Fee  
BDT: 1,000/-

## Payable During Admission

| Items of the Fee                          | Amount (Tk.)  |
|-------------------------------------------|---------------|
| Admission Fee                             | 20,000        |
| Rover Scout & BNCC Fee                    | 2,000         |
| Student Smart Card (In Balance 200 TK)    | 1,000         |
| Student and Guardian Group Life Insurance | 7,000         |
| Tuition Fees (04 cr. Hr. @ Tk. 4,000)     | 16,000        |
| Library Fee                               | 750           |
| Semester Fee                              | 6,000         |
| Development Fee                           | 4,500         |
| Laboratory Fee                            | 3,000         |
| Extra Curricular Activities Fee           | 1,500         |
| <b>Payable During Admission</b>           | <b>61,750</b> |

## Semester Wise Fee (Demo)

| Credit Hours                                    | Total Payable  | Registration Fee | Before Final Exam |
|-------------------------------------------------|----------------|------------------|-------------------|
| <b>Semester: 1 - 13.5 Cr. (Level-1, Term-1)</b> | <b>108,000</b> | <b>61,750</b>    | <b>46,250</b>     |
| <b>Semester: 2 - 13.5 Cr. (Level-1, Term-2)</b> | <b>78,000</b>  | <b>31,750</b>    | <b>46,250</b>     |

## Necessary Documents During Admission

- ✓ SSC/Dakhl/O-Level/Diploma Certificate & Transcript
- ✓ HSC/Alim/A-Level/Diploma Certificate & Transcript (Diploma 1-8 Transcripts)
- ✓ Bachelor's Certificate & Transcript for Master's program
- ✓ NID of student, father, and mother (spouse if any).
- ✓ Two photos of student (recent & formal)
- ✓ Certificates & Transcripts should be from the Education Board (online copies are not accepted)
- ✓ Bachelor's Certificate & Transcript should be attested by the respective university registrar.
- ✓ For quota-based waiver application, relevant certificates/documents have to be submitted
- ✓ Experience letter, if any, for Master's program admission

**One Student  
One Laptop**  
One Step Ahead of Digital Bangladesh

**Semester: (04 Months Duration)**  
Spring: Jan-Apr | Summer: May-Aug | Fall: Sep-Dec

## Waiver/Scholarship Facilities of DIU

- ◆ Result-based waiver (bachelor's)
- ◆ Waiver on SGPA (semester result)
- ◆ Female quota
- ◆ Need-based
- ◆ Player quota
- ◆ Physically challenged/specially-abled, tribal/ethnic group quota
- ◆ Sibling/spouse and son/daughter of current students quota
- ◆ Waiver for DIU alumni
- ◆ Group admission quota
- ◆ Freedom fighter quota
- ◆ And many more.

B.Sc. in

## COMPUTER SCIENCE AND ENGINEERING (CSE)

Specialization in:

- ◆ Artificial Intelligence
- ◆ Software Development
- ◆ Network and Communication
- ◆ Algorithms
- ◆ Embedded Systems and Robotics

## Faculty of Science & Information Technology

Effective From  
Spring 2026

## Aims:

The B.Sc. Program in Computer Science & Engineering (CSE) is designed to produce skilled graduates in the field to satisfy the growing demands of computer engineering graduates in home and abroad. It provides the students an opportunity to obtain broad knowledge of Computer Science, Computer Engineering with freedom to tailor the program according to the student's individual needs.

## Eligibility for Admission:

Students having minimum 2.5 GPA both in SSC/Dakhil/Vocational and HSC/Alim/Vocational from Science group with minimum 'C' grade in Physics, Mathematics may apply for admission. Students completing five O-level subjects and at least two A-level subjects may apply. Out of these 7 subjects applicants must have minimum 4 'B' grade 3 'C' grade. The applicants must have Physics and Mathematics both at O-level and A-level.

## Credit Requirement and Duration of the Program:

To obtain B.Sc. in Computer Science and Engineering, students will have to complete 154.5 credits with at least GPA 2.5. If any student fails in any course, she/he will get opportunity to improve the grade by retaking the same in the subsequent semesters. The program having 12 semesters normally extends over four academic years.

Students willing to obtain a Bachelor of Science in Computer Science and Engineering will have to follow the general guidelines of degree requirements of the university.

## The courses are offered as shown in the following tables.

### Core Courses (93 Credits)

| Code    | Course Title                                        | Theory | Lab |
|---------|-----------------------------------------------------|--------|-----|
| CSE-112 | Computer Fundamentals                               | 3      |     |
| CSE-113 | Programming and Problem Solving                     | 3      |     |
| CSE-114 | Programming and Problem-Solving Lab                 |        | 1.5 |
| CSE-115 | Introduction to Biology & Chemistry for Computation | 3      |     |
| CSE-121 | Electrical Circuits                                 | 3      |     |
| CSE-122 | Electrical Circuits Lab                             |        | 1.5 |
| CSE-123 | Data Structure                                      | 3      |     |
| CSE-124 | Data Structure Lab                                  |        | 1.5 |
| CSE-212 | Discrete Mathematics                                | 3      |     |
| CSE-213 | Algorithms                                          | 3      |     |
| CSE-214 | Algorithms Lab                                      |        | 1.5 |
| CSE-215 | Electronic Devices and Circuits                     | 3      |     |
| CSE-216 | Electronic Devices and Circuits Lab                 |        | 1.5 |
| CSE-221 | Object Oriented Programming                         | 3      |     |
| CSE-222 | Object Oriented Programming Lab                     |        | 1.5 |
| CSE-223 | Digital Logic Design                                | 3      |     |
| CSE-224 | Digital Logic Design Lab                            |        | 1.5 |
| CSE-225 | Data Communication                                  | 3      |     |
| CSE-226 | Numerical Methods                                   | 3      |     |
| CSE-227 | Systems Analysis and Design                         | 3      |     |
| CSE-228 | Theory of Computation                               | 3      |     |
| CSE-311 | Database Management System                          | 3      |     |
| CSE-312 | Database Management System Lab                      |        | 1.5 |
| CSE-313 | Compiler Design                                     | 3      |     |
| CSE-314 | Compiler Design Lab                                 |        | 1.5 |
| CSE-315 | Software Engineering                                | 3      |     |
| CSE-316 | Artificial Intelligence                             | 3      |     |
| CSE-317 | Microprocessor and Microcontrollers                 | 3      |     |
| CSE-321 | Computer Networks                                   | 3      |     |
| CSE-322 | Computer Networks Lab                               |        | 1.5 |
| CSE-323 | Operating Systems                                   | 3      |     |
| CSE-324 | Operating Systems Lab                               |        | 1.5 |
| CSE-325 | Instrumentation and Control                         | 3      |     |
| CSE-326 | Social and Professional Issues in Computing         | 3      |     |
| CSE-411 | Computer Graphics                                   | 3      |     |
| CSE-412 | Computer Graphics Lab                               |        | 1.5 |
| CSE-413 | Computer Architecture and Organization              | 3      |     |

### General Education Courses (37.5 Credits)

| Code    | Course Title                                                       | Theory | Lab |
|---------|--------------------------------------------------------------------|--------|-----|
| ENG-101 | Basic Functional English and English Spoken                        | 3      |     |
| ENG-102 | Writing and Comprehension                                          | 3      |     |
| MAT-101 | Mathematics - I                                                    | 3      |     |
| MAT-102 | Mathematics-II: Calculus, Complex Variables & Linear Algebra       | 3      |     |
| MAT-211 | Engineering Mathematics                                            | 3      |     |
| PHY-101 | Physics - I                                                        | 3      |     |
| PHY-102 | Physics - II                                                       | 3      |     |
| PHY-103 | Physics - II Lab                                                   |        | 1.5 |
| BNS-101 | Bangladesh Studies (History of Independence & Contemporary Issues) | 3      |     |
| AOL-101 | Art of Living                                                      | 3      |     |
| STA-101 | Statistics and Probability                                         | 3      |     |
| ACT-327 | Financial and Managerial Accounting                                | 3      |     |
| ECO-426 | Engineering Economics                                              | 3      |     |

### Project Courses (06 Credits)

| Code    | Course Title                    | Total Credit |
|---------|---------------------------------|--------------|
| CSE-498 | FYP/Capstone Project (Phase I)  | 3            |
| CSE-499 | FYP/Capstone Project (Phase-II) | 3            |

## Specialization Elective Courses (Any group - 06 Courses, 18 Credits)

| Specialization in Artificial Intelligence |                             |        |     |              |
|-------------------------------------------|-----------------------------|--------|-----|--------------|
| Code                                      | Course Title                | Theory | Lab | Total Credit |
| CSE-431                                   | Machine Learning            | 1.5    | 1.5 | 3            |
| CSE-432                                   | Natural Language Processing | 1.5    | 1.5 | 3            |
| CSE-433                                   | Artificial Neural Networks  | 1.5    | 1.5 | 3            |
| CSE-434                                   | Pattern Recognition         | 1.5    | 1.5 | 3            |
| CSE-435                                   | Soft Computing              | 1.5    | 1.5 | 3            |
| CSE-436                                   | Digital Image Processing    | 1.5    | 1.5 | 3            |
| CSE-437                                   | Computer Vision             | 1.5    | 1.5 | 3            |
| CSE-438                                   | Business Intelligence       | 1.5    | 1.5 | 3            |

| Specialization in Software Development |                                          |        |     |              |
|----------------------------------------|------------------------------------------|--------|-----|--------------|

| CSE-473                                         | Robotics                                       | 1.5    | 1.5 | 3            |
| CSE-474                                         | VLSI Design                                    | 1.5    | 1.5 | 3            |
| CSE-475                                         | Micro-sensors                                  | 1.5    | 1.5 | 3            |
| CSE-476                                         | Sensor Manufacturing and Process Control       | 1.5    | 1.5 | 3            |
| CSE-477                                         | Introduction to Nanotechnology and Nanodevices | 1.5    | 1.5 | 3            |
| CSE-478                                         | Additive Manufacturing Engineering             | 1.5    | 1.5 | 3            |

Summary: Based on above execution plan, the summary of credits for B.Sc. in CSE program is shown below.

| Year/Level    | Total                |
|---------------|----------------------|
| 1             | 39 Credits           |
| 2             | 42 Credits           |
| 3             | 42 Credits           |
| 4             | 31.5 Credits         |
| <b>Total:</b> | <b>154.5 Credits</b> |
